WHO WE ARE

Mission Statement: Allies of Native Nations illuminates Native issues by partnering with Native Nations and others to create a safe space for educational opportunities in our community.

Vision Statement: Allies of Native Nations will be a welcoming network for Native Nations and an educational resource for our community.

Land Acknowledgement Statement: We would like to recognize that we are meeting on the ancestral lands of Native Nations. In Wisconsin, there are 11 federally recognized Native American sovereign nations and 1 seeking to regain federal recognition. We acknowledge these indigenous communities who have stewarded this land through the generations and pay respect to their elders past and present.
