## INTRODUCTION

This resource guide was developed by the Diversity Action Team of Rock County - Allies of Native Nations committee to aid the Rock County area teachers and staff with their implementation of ACT 31. This document starts with resources that all teachers and staff can utilize, and ends with grade-specific resources.

This should be considered a working document and not comprehensive for all American Indian Resources available. Work is still being done to compile a more comprehensive book list of current and relevant titles. Please share additional resources with the district to update this document.
