## What Is The Black Holocaust?

“Holocaust” comes from a Greek word meaning “burnt offering.” The term was first used to describe the massacres of Armenians in the 1890s. It was used again in the 1940s to describe the mass destruction of European Jewish communities by the Nazis, also known by the Hebrew word “Shoah.”

Appallingly, in the last hundred years the world has witnessed many similar atrocities, like the 1975-79 Cambodian Killing Fields, the 1994 Rwandan Genocide, and the 1995 Srebrenica Genocide.

For this reason, the word “holocaust” has come to signify “a series of atrocities organized by one social group against another.”
